President's Message

Greetings Friends,

We are gearing up for our biggest event of the year. This is our big opportunity to raise funds for the guild. To get ready for our weekend at Annmarie Sculpture Garden, we have a workday planned for September 10. Everyone is welcome to come stay all or part of the day. We will be pricing the items to sell and working on more items. As always there will be potluck to fuel our efforts. This will also be a great opportunity to give to the church's food pantry. With parents trying to get the littles ready for school with supplies, money can run thin. I think it would be a great time for us to give to the food pantry. I will also be dropping off the quilts and blankets that we have made for the church. I will be sending around an email for the potluck list, so we all don't end up bringing deviled eggs.

See you soon,

Adrienne

Upcoming Programs and Workshops

September 13, 7:00 pm at NEWLIFE Church. Betty Tilley will be doing a presentation on Cathedral Windows quilts. The Cathedral Window, inspired by historic church and cathedral stain glass windows, became popular in North America in the 1930s. Each quilt block is made using a folded patchwork technique. It is like origami whereby a fabric square (instead of paper) is folded and stitched to form a unique shape. In this case parts of the fabric are folded back to make a window revealing a contrasting-colored square of fabric inside.

October 11, 7:00 pm at NEWLIFE Church. Marti Phelps of the **Calvert Quilt Shop** will be speaking on one of her favorite topics, Quilt History. Her program will focus on the Century of Progress Quilt Contest at the 1933 Chicago World's Fair. It was the largest quilt show ever and was sponsored by Sears and Roebuck with serious prize money which attracted a lot of interest.

Follow Up on Quilt Appraisals

On August 10, **Phyllis Hatcher** did quilt appraisals for members that were interested. Phyllis laid out each quilt, measured it, took down any known info of who, when, cost if known, origin and name of pattern, etc.

She examined each quilt carefully then hung it up to photograph. She sometimes photographed sections for detail. Photos can be seen on the next page.

Calvert County Quilt Guild Meeting Minutes

August 9, 2022

Meeting called to order.

After some finagling with the video equipment, **Vice President Karla Sisson** introduced **Phyllis Hatcher**, Quilt Detective, Cold Case. She strongly recommends we label all our quilts. She showed many antique quilts, and a beard guard. Beard guards were used to protect the top of quilts from the oils and other substances from beards. She explained that summer spreads didn't always have batting. She discussed different colors used in quilts. Purple was very expensive, and only wealthy people could afford purple fabric. Blue was most prevalent, and abundant. She explained that vintage is 20 years or older, and antique is 100 years and older. She also explained that the patterns, and colors of fabric can help determine the time it was made and the value.

After her presentation, members showed beautiful vintage quilts from their collections: **Lillian Mair, Marlene Diehl, Susan Blanton,** and **Karla Sisson.**

Disappearing 9-Patch Block

Each block makes a 12” unfinished block.

Calvert County Quilt Guild
Block of the Month
September 2022 Meeting

All seams scant ¼”.

	Focus – For each square use the same fall colored fabric, solid or print 5 – 4 ½” squares
	Background – solid cream color or with small contrast print 4 – 4 ½” squares

We made a 9-patch block in May. Steps 1-4 are from May. This is a continuation of that block.

1) Make 2 strips as follows: Sew a 4 ½“ focus fabric to each side of a background fabric. Press the seams to the dark fabric. See Figure 1.

2) Make 1: Sew a background fabric to each side of a focus fabric. Press the seams to the dark fabric. See Figure 2.

3) Sew 1 strip from step 1 to the strip from step 2. Nest the seams to align the block. Sew the remaining strip from step 1 to the other side of the background block from step 2. See above Figure A.

4) Cut the block in half horizontally and vertically. See Figures 3 and 4.

5) Switch the upper right block with the lower left block. See above Figure B.

You can make many different patterns by turning the blocks as shown on the next page.

Of course you are still a quilter even if you haven't completed a quilt top in years.
Fabric collecting continues to make you eligible.
